### PART II: REQUESTOR'S POSITION SUMMARY

**Requestor's Position Summary:** "Vista Healthcare charges the above-referenced services at a fair and reasonable rate. Specifically, these rates are based upon a comparison of charges to other Carriers and the amount of reimbursement received for these same or similar services. The amount of reimbursement deemed to be fair and reasonable by Vista Healthcare is at a minimum of 70% of billed charges. This is supported by a managed care contract with 'Focus'... This managed care contract supports Vista Healthcare's argument that the usual and customary charges are fair and reasonable and **at the very minimum**, 70% of the usual and customary charges is fair and reasonable... the managed care contract shows numerous Insurance Carrier's willingness to provide 70% reimbursement for Ambulatory Surgical Centers medical services." "...amounts paid to healthcare providers by third party payers are relevant to determining fair and reasonable workers' compensation reimbursement. Further, TWCC stated specifically that managed care contracts are fulfill the requirements of Texas Labor Code Section 413.011 as they are 'relevant to what fair and reasonable reimbursement is,' they are relevant to achieving cost control,' they are relevant to ensuring access to quality care,' and they are 'highly reliable.' See 22 TexReg 6272. Finally, managed care contracts were determined by the TWCC to be the best indication of a market price voluntarily negotiated for medical services."

**Amount in Dispute:** \$3689.46

### PART III: RESPONDENT'S POSITION SUMMARY

**Respondent's Position Summary:** "...Carrier's rate of reimbursement in this case not only meets but exceeds the Act's criteria for payment in all respects. Provider has the burden of proof in this case. The Provider has simply not met its burden of proof under rule 133.305(e)(1)(F) to establish that its billed charges of \$4,446.20 meet the statutory standards under the Act for reimbursement of facility charges for an SI joint injection. On the contrary, this amount is grossly excessive as established by the Commission's inpatient surgical per diem rate; the Medicare rate; the payment rate established by the workers' compensation authorities in Nevada, Massachusetts, Pennsylvania, and Mississippi; the anticipated rate under the ASC fee guideline being drafted by the Commission; and finally, the rate determined by SOAH to be fair and reasonable in prior ASC disputes."

### PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective October 7, 1991 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on April 24, 2003. Pursuant to Division rule at 28 TAC §133.307(g)(3), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1,

2003, the Division notified the requestor on May 12, 2003 to send additional documentation relevant to the fee dispute as set forth in the rule.

1. For the services involved in this dispute, the respondent reduced or denied payment with reason codes:
  - G-Include in Global.
  - 226-Included in global charge.
2. Division rule at 28 TAC §134.401(a)(4), effective August 1, 1997, states “Ambulatory/outpatient surgical care is not covered by this guideline and shall be reimbursed at a fair and reasonable rate until the issuance of a fee guideline addressing these specific types of reimbursements.”
3. This dispute relates to ambulatory surgical care services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.1(f) effective October 7, 1991, 16 TexReg 5210, which requires that “Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers’ Compensation Act, sec. 8.21(b) [currently Texas Labor Code §413.011(d)], until such period that specific fee guidelines are established by the commission.
4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual’s behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
5. Division rule at 28 TAC §133.307(g)(3)(B), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including “a copy of any pertinent medical records.” Review of the submitted documentation finds that the requestor has not provided copies of all medical records pertinent to the services in dispute. Although the requestor did submit a copy of the operative report, the requestor did not submit a copy of the post-operative care records, or other pertinent medical records sufficient to support the services in dispute. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(B).
6. Division rule at 28 TAC §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include “how the submitted documentation supports the requestor position for each disputed fee issue.” Review of the submitted documentation finds that the requestor did not state how the submitted documentation supports the requestor’s position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iv).
7. Division rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement.” Review of the submitted documentation finds that:
  - The requestor’s position summary states that “Vista Healthcare charges the above-referenced services at a fair and reasonable rate. Specifically, these rates are based upon a comparison of charges to other Carriers and the amount of reimbursement received for these same or similar services.”
  - The requestor did not provide documentation to demonstrate how it determined its usual and customary charges for the disputed services.
  - Documentation of the comparison of charges to other carriers was not presented for review.
  - Documentation of the amount of reimbursement received for these same or similar services was not presented for review.
  - The Division has previously found that “hospital charges are not a valid indicator of a hospital’s costs of providing services nor of what is being paid by other payors,” as stated in the adoption preamble to the Division’s former *Acute Care Inpatient Hospital Fee Guideline*, 22 TexReg 6276 (July 4, 1997). It further states that “Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges...” 22 TexReg 6268-6269. Therefore, the use of a hospital’s “usual and customary” charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
  - In the alternative, the requestor asks to be reimbursed a minimum of 70% of billed charges, in support of which the requestor states that “The amount of reimbursement deemed to be fair and reasonable by Vista Healthcare is at a minimum of 70% of billed charges. This is supported by a managed care contract with ‘Focus’... This managed care contract supports Vista Healthcare’s argument that the usual and customary charges are fair and reasonable and **at the very minimum**, 70% of the usual and customary charges is fair and reasonable...the managed care contract shows numerous Insurance Carrier’s willingness to provide 70% reimbursement for Ambulatory Surgical Centers medical services.”
  - The requestor did not submit a copy of the alleged contract for review.

- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not support that payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

8. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307(g)(3)(B), §133.307(g)(3)(C), and §133.307(g)(3)(D). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
